STAT
FROM:

[REDACTED]
Chief, Benefits and Services Division,
Office of Personnel

SUBJECT: EAA Store Employee Liabilities

1. In the past year the problem of theft in our Employee Activity Association Store has increased. A question that has concerned us for some time in this area concerns the legal liabilities which EAA employees should be conscious of if they should see someone shoplifting in the Store.

2. We would appreciate guidance from your office for our employees in order that they be aware of their responsibilities in this area.
